RAGHAVENDRA WAGGAR

✉ raghavendrawaggarjee@gmail.com | github.com/Raghavendra1204 | New Delhi, India

EDUCATION

B.Tech — AI & Data Science | USAR, GGSIPU *2024 – 2028*

Class XII (CBSE) | Army Public School, Dhaula Kuan, New Delhi *2023*

TECHNICAL SKILLS

Languages: Python, C, C++, TypeScript, SQL

AI / ML: Machine Learning, Deep Learning, Scikit-learn, Pandas, NumPy

Backend & Frontend: FastAPI, Node.js, REST APIs, JWT Auth, React, Next.js, Tailwind CSS

Databases & DevOps: PostgreSQL, Firebase, Redis, SQLite, Git, Docker, Vercel, AWS, Firebase Hosting

AI & APIs: Google Gemini API, AI Agents, Google TTS, @google/genai SDK

MAJOR PROJECT

JaanSathi — AI-Powered Civic Engagement Platform | React · Firebase · Gemini API · Leaflet.js | *jaansathi-b8ad2.web.app* | *github.com/Raghavendra1204/jansathi*

- Dual-portal civic-tech app (Citizen + Officer) bridging residents and local government in real time.
- Integrated Gemini API for AI chatbot, city ops insights panel, and a multi-agent hub (Resident Welfare, Infrastructure, Emergency Response).
- GPS-tagged issue reporting, live status tracking, Leaflet.js heatmap, departmental analytics, PDF report generation, and multilingual support (EN/HI/MR/TA).
- Firebase Auth with role-based access, gamified civic score, deployed on Firebase Hosting via Google Cloud CDN.

MINOR PROJECTS

TNP Portal -Training & Placement System | Next.js · FastAPI · PostgreSQL · Redis · Docker | *SIH Internal Round*

- Streamlined async processing of 10,000+ daily requests using Redis and Celery, decreasing system latency by 60% and impr oving user experience..

HindiMate — AI Language Learning Platform | React · FastAPI · Google TTS · Gemini API | *Skills India Internship* | *github.com/Raghavendra1204/Hindimate*

- Duolingo-style Hindi learning app with AI-generated vocabulary, Google TTS audio, and structured modules (vowels, grammar, conversation).

Unified AI Music Platform | FastAPI · Spotify API · JWT · SQLite | *In Development*

- Custom ML-based song recommendation using Euclidean distance on Spotify audio features (energy, valence, tempo), with full user auth.

HACKATHONS & COMPETITIONS

Smart India Hackathon (SIH) 2026

- cleared internal rounds with TNP Portal.

Adobe Hackathon |

- Advanced to Round 2.

Vibe2Ship Hackathon |

- Build Jaansathi with deployed link.

Bulit with Bharat 2.0 |

- Advanced to Semi-Finals

CERTIFICATION

IBM SkillsBuild Gen AI & Cloud Computing
